SOLUTIONS MEDICAL

Jamaica

Our medical monitors put our best technology within the reach of the most demanding professionals. From clinical monitors to diagnostic monitors, including equipment for operating rooms and digital X-ray devices. Technology and security always from the hand of LG Business.

Technology for accurate diagnosis

Discover the digital experience of LG medical monitors.

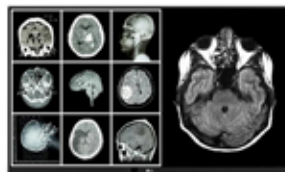

Clinical Monitors

**Review Monitor
2MP IPS clinic**

- ✓ 24-inch 2 MP (1920 x 1200) IPS display
- ✓ 600 cd/m² brightness (typ.)
- ✓ Internal front calibration sensor

8MP Clinical Monitor

- ✓ 27" IPS 8MP
- ✓ 350 nits (typical) and sRGB 99%
- ✓ DICOM Part 14
- ✓ gloss stabilizer
- ✓ Safe flashing
- ✓ Two-way pivot

**Clinical Monitor
8MP Review**

- ✓ IPS panel that allows constant colors at 178° vision angle.
- ✓ Multi-Resolution Mode (8/6/4MP).
- ✓ Realistic color reproduction and precision to work with medical images.
- ✓ With pathology mode that offers clarity and precision of image as if you were looking through a microscope.
- ✓ Its front sensor allows automatic self-calibration without need for additional measuring equipment.

Surgical Monitors

**27 surgical monitor
inches 4K with Mini-LED**

- ✓ 27 inch 4K surgical monitor with Mini-LED
- ✓ Main features expand
- ✓ 27-inch 4K (3840x2160) with Mini-LED
- ✓ HDR10, HDR sRGB Effect 139% (Area)
- ✓ Mirror and rotation mode
- ✓ Protective Glass (1.3t, Anti-Reflection, Anti-Fingerprint)

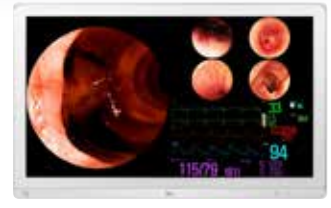

**IPS UHD Surgical Monitor
LG 31.5" 4K**

- ✓ 31.5" IPS 4K (3840 x 2160)
- ✓ HDR10 support
- ✓ Mirror and rotation mode

8MP Surgical Monitor

- ✓ Screen optimized for the operating room
- ✓ IPS and 115 sRGB enhancing red
- ✓ DICOM Part 14 and brightness stabilization
- ✓ Flicker safe
- ✓ Dustproof and waterproof
- ✓ Anti-reflective glass and optical adhesive

**31.5" 4K IPS Surgical
Monitor**

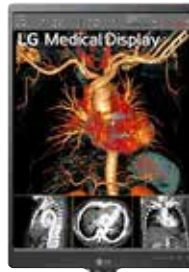

- ✓ 31.5 (80.01 cm) 4K (3840x2160) IPS
- ✓ HDR10 support
- ✓ Mirror and rotation mode

Diagnostic Monitors

LG Diagnostic Monitor, IPS, 8MP and 31.5 inches

- ✓ 8MP IPS screen
- ✓ Exact Color Representation
- ✓ DICOM Part 14 Compliant
- ✓ Fast response time
- ✓ Brightness stabilization
- ✓ Flicker safe

LG 21HQ513D - Diagnostic Monitor

- ✓ IPS panel that allows constant colors 178° angle of vision
- ✓ Multi-Resolution Mode compatible with any device

LG 31" IPS 12MP

- ✓ 12MP IPS screen (4200x2800) 31 inches
- ✓ Resolution mode multiple(12/6 MP)
- ✓ 1080cd/ m² (typical)

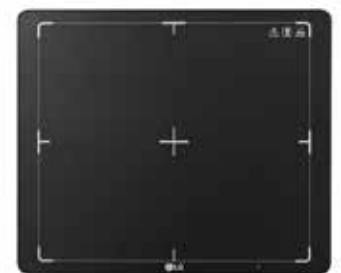

Digital X-ray Detectors

LG Digital X-ray Detector with TFT Rust

- ✓ Excellent DQE with oxide TFT
- ✓ 140μm pixel size and conversion 16-bit A/D
- ✓ Raw image in 2s (wireless) and 1.5s (wired)

LG Digital X-ray Detector with TFT a-Si

- ✓ 140μm pixel size
- ✓ 16-bit A/D conversion
- ✓ IP68, magnesium and carbon fiber body

LG Digital X-ray Detector Neonatal solution with a-Si FTF

- ✓ Built-in exchange battery
- ✓ A/D conversion: 16-bit
- ✓ Magnesium and carbon body
- ✓ IP68 (Water Resistant)

✓ 17HQ701G (17X17)

✓ 14HQ701G (14X17)

✓ 10HQ701G (10X12)

BONE DENSITOMETRY

Jamaica

Super-resolution images and the country's only raw images make diagnosis easier and more accurate, within 30 seconds of a quick scan.

BONE DENSITOMETRY

InAlyzer AIR

**TRUE FAN TECHNOLOGY
64 CHANNEL BEAM**

- ✓ It is a fan beam bone mineral density measurement device that uses a 64-channel detector and fan beam DXA technology.
- ✓ It not only provides various diagnostic tools, but also makes convenient and accurate measurements possible through intuitive software.

- With its excellent design known to be the world's first open type design (design patent), the external structure was minimized and the scanning area was maximized to improve space efficiency for convenient installation and use even in a narrow space.

UPGRADE SOLUTIONS DIGITAL MAMMOGRAPHY

Jamaica

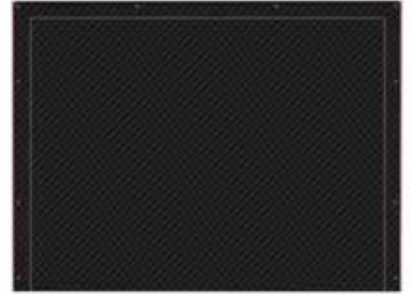

**Proven high image quality · Instant upgrade – digital
mammography upgrade solution**

MAMMOGRAPHY

ROSEM 1824C

Slim Cassette Type Digital Mammography Enhanced

- ✓ 76µm small pixel size for high resolution images
- ✓ Easy and quick update
- ✓ Perfect AEC Compatibility
- ✓ Same size as CR or IP film cassette
- ✓ Fast performance and improved workflow
- ✓ Tested and used in more than 40 countries worldwide

ROSEM 2430C

The world's first cassette-type digital mammography.

- ✓ 76µm small pixel size for high resolution images
- ✓ Easy and quick update
- ✓ Perfect AEC Compatibility
- ✓ Same size as CR or IP film cassette
- ✓ Fast performance and improved workflow
- ✓ Tested and used in more than 40 countries world-wide

- ✓ RADIATION PROTECTION
- ✓ **LED LAMPS FOR
DIAGNOSIS AND SURGERY**

*MAVIG radiation protection clothing for the user:
safety and comfort*

Modern lighting for real success at work

RADIATION PROTECTION

✓ Our innovative outer fabric guarantees considerably greater protection of the radiation protective layer than was possible until now.

✓ The barrier effect has also increased to meet the high requirements of hygiene in today's work environment.

YLED-1F *LED diagnostic lamp*

- ✓ Integrated wide range power supply unit
- ✓ Protection against splashing water – protection class IP44
- ✓ Sterilizable handle
- ✓ Convenient positioning and focusing
- ✓ 360° free rotation when connecting to the Portegra2 ceiling system

YLED-1F *With floor stand*

- ✓ Examination lamp with movable floor stand
- ✓ YLED-1F, focusable LED lamp with sterilizable handle, integrated power supply and Acrobat® Swing mobile system (EU), including spring arm
- ✓ Mobile system for optimal lighting where needed
- ✓ Small space requirement
- ✓ Convenient plug and play installation thanks to integrated power supply

LED120F *Diagnostic and Minor Surgery Lamp*

The 120F LED examination lamp ensures natural color reproduction, precise illumination of the wound field and easy positioning of the light body.

- ✓ Sterilizable handle
- ✓ Convenient positioning and focusing
- ✓ 360° free rotation when connecting to the Portegra2 ceiling system
- ✓ 12 powerful LED modules provide a combined light intensity of 50,000 Lux

PROTECTIVE SHIELD MOBILE X-RAY

WD304

- ✓ Easy and simple positioning
- ✓ Composite removable under-table protection by flexible radiation protective strips and overlapping
- ✓ Reinforcement on the side edges for greater safety.
- ✓ Contour cutout for optimized shielding

✓ **UPS TAURMH**

Jamaica

UPS Ares Plus

- ✓ SmartCooling, variable ventilation.
- ✓ Setable charger for VRLA Lithium Ion batteries.
- ✓ Technical Mode (scanner mode technical interaction for non-interruption with charging).
- ✓ 3-year warranty on electronics and 2 on batteries.
- ✓ Wide voltage range (60V ~ 150V).
- ✓ Larger LCD and more LED indicators.
- ✓ Internal brand batteries, high rate

UPS Ares Plus

- ✓ Tower models, hotswapp front battery extraction.
- ✓ Rack model hotswapp battery bank.
- ✓ Smartcooling, intelligent ventilation.
- ✓ Technical Mode (scanner mode technical interaction for non-interruption with charging).
- ✓ 3-year warranty on electronics and 2 on batteries.
- ✓ Wide voltage range (110V ~ 280V).
- ✓ Larger LCD and more LED indicators.

TAURUS-MH80 40~80 KW

- ✓ Output PF 1 96% Efficient
- ✓ Hot swappable modules
- ✓ High power density
- ✓ High scalability supports N+X
- ✓ 11" Color Touch Screen
- ✓ Intelligent power saving mode

TAURUS-MH160 40~160 KW

- ✓ Output PF 1 96% Efficient
- ✓ Hot swappable modules
- ✓ High power density
- ✓ High scalability supports N+X
- ✓ 11" Color Touch Screen
- ✓ Intelligent power saving mode

TAURUS-MH240 40~240 KW

- ✓ Output PF 1 96% Efficient
- ✓ Hot swappable modules
- ✓ High power density
- ✓ High scalability supports N+X
- ✓ 11" Color Touch Screen
- ✓ Intelligent power saving mode

TAURUS-MH320 40~320 KW

- ✓ Output PF 1 96% Efficient
- ✓ Hot swappable modules
- ✓ High power density
- ✓ High scalability supports N+X
- ✓ 11" Color Touch Screen
- ✓ Intelligent power saving mode

✓ STRETCHERS

Jamaica

Super-resolution images and the country's only raw images make diagnosis easier and more accurate, within 30 seconds of a quick scan.

PREMIER SERIE 5000 *Transport Stretcher*

- ✓ Lowest cost of ownership in over 10 years
- ✓ Functional design with extensive options and accessories
- ✓ More than 30 years of service, more than 20 with minimal preventive maintenance

SERIE PREMIER 5000W *Extended stay stretcher*

- ✓ Lowest cost of ownership in over 10 years
- ✓ Functional design with extensive options and accessories
- ✓ More than 30 years of service, more than 20 with minimal preventive maintenance

SERIE PREMIER 5000XR *Emergency and Trauma Stretchers*

- ✓ Lowest cost of ownership in over 10 years
- ✓ Functional design with extensive options and accessories
- ✓ More than 30 years of service, more than 20 with minimal preventive maintenance

SERIE PREMIER 4500 / 4500N *Surgical Stretcher*

- ✓ Lowest cost of ownership in over 10 years
- ✓ Functional design with extensive options and accessories
- ✓ More than 30 years of service, more than 20 with minimal preventive maintenance

MEDICAL EQUIPMENT AND ACCESSORIES FOR HOSPITALS

Jamaica

With more than 30 years of experience in the healthcare sector, MESPA manufactures beds and hospital equipment as one of the companies industry leaders.

MCARE

*Electronic intensive care and nursing bed,
4 engines*

- ✓ 360 swivel central wheels with brake
- ✓ Bed knee 11.5cm automatic regression
- ✓ 1 height-adjustable IV shelf with bed frame
- ✓ X-RAY cassette holder with integrated backrest
- ✓ Bed height min 34 cm max 77 cm (without mattress)
- ✓ Electrostatic powder coating of metal parts

MS 1010

Electronic patient bed, 2 motors

- ✓ 2 engines
- ✓ Electronic adjustments of backrest and footrest functions
- ✓ Trendelenburg using gas spring
- ✓ Fowler
- ✓ Vascular
- ✓ Auto contour
- ✓ Manual control unit

MS 2009

Hydraulic ICU and patient bed

- ✓ Manual adjustment of the backrest and footrest using a crank
- ✓ Trendelenburg and reverse Trendelenburg adjustment
- ✓ Hydraulic height adjustment
- ✓ Footrest gradually adjustable by ratchet
- ✓ 4-Section Detachable ABS Mattress Platform
- ✓ Folding side rails
- ✓ Lockable and removable headboard and footboard (PP)
- ✓ Electrostatic powder coated metal frame

MS 1140 *Baby crib*

- ✓ Electrostatic powder coated metal frame
- ✓ Plexiglass bed
- ✓ Lying surface covered in synthetic leather
- ✓ Lockable wheels

STRETCHERS AND CHAIRS FOR TRANSFER OF PATIENTS AND BLOOD COLLECTION

VELO BASIC *General purpose stretcher*

- ✓ Manual backrest adjustment
- ✓ Adjustable Height Stainless Steel IV Pole
- ✓ Full length folding side rails with security locking mechanism
- ✓ Antimicrobial, waterproof, retardant mattress flame and air permeable
- ✓ Protective corner bumpers
- ✓ Removable ergonomic push bars

VELO ADVANCE *Functional emergency stretcher*

- ✓ Translucent X-ray Mattress Platform full length
- ✓ Possibility of X-ray examination on the stretcher through a C-arm machine on the surface of the stretcher
- ✓ Telescopic hydraulic columns
- ✓ Hydraulic height adjustment.
- ✓ Trendelenburg and inverse Trendelenburg functions
- ✓ Antimicrobial, waterproof, retardant mattress flame and air permeable.

STAINLESS STEEL HOSPITAL EQUIPMENT

MD 4360

Instrument and medicine cabinet

- ✓ Stainless steel main structure
- ✓ Three adjustable shelves
- ✓ Glass doors with lock and 270° opening
- ✓ 4mm thick tempered glass
- ✓ Four adjustable legs

MD 4010

Surgical scrub unit, double

- ✓ Stainless steel main structure
- ✓ Hot/Cold Water Mixing Valve
- ✓ Photocell and knee controlled water flow
- ✓ Knee Controlled Soap Flow
- ✓ Front service doors for quick and easy intervention
- ✓ Disinfected filling location on the top surface

MD 4080 Hydraulic Mayo Table

- ✓ Stainless steel main structure
- ✓ Hydraulic height adjustment via pedal
- ✓ Balanced structure to prevent overturning
- ✓ 360° rotating table platform
- ✓ Lockable wheels

MD 4260 Morgue unit, double, front doors

- ✓ Morgue, entrance door
- ✓ Working temperature +2/+5 C°
- ✓ Doble capa
- ✓ Digital thermostat
- ✓ Full automatic defrost
- ✓ Fan controlled airflow

MEDICAL CARTS

HOSPITOOL AC ANESTHESIA CART

- ✓ Built with polymer structure medical grade to provide maximum hygiene and easy cleaning
- ✓ Push bar
- ✓ Equipped with functional drawers with key lock system
- ✓ Sharps container with lock
- ✓ Glove box support

HOSPITOOL EC EMERGENCY CART

- ✓ Constructed with medical grade polymer structure to provide maximum hygiene and easy cleaning.
- ✓ Push bar
- ✓ Equipped with functional drawers with lock and key locking system.
- ✓ Oxygen cylinder holder
- ✓ Rotating Defibrillator Rack

ACCESSORIES FOR PATIENT ROOM

STARK OBT BED TABLE

- ✓ HPL top surface
- ✓ Adjustable height with aluminum column.
- ✓ Practical handle for height adjustment
- ✓ Cross locking wheels
- ✓ Easily cleanable top surface

✓ RADIATION SAFETY

Jamaica

At Mirion Technologies, industry leaders for promote radiation safety and enhance the next critical innovation wave.

AccuRad™ PRD

- ✓ Solid and durable, with a sturdy cover to the impacts.
- ✓ Easy to use - no training required
- ✓ Discreet, with a top screen for a quick read
- ✓ Long lasting batteries and easily replaceable that allow more than 900 hours in the field
- ✓ Directionality, which helps users to focus on the biggest problems quickly

RDS-32™

- ✓ H*(10) equivalent dose rate according to the latest standards
- ✓ External alpha, beta, gamma and probes neutrons for direct connection
- ✓ RDS-32WR meter for a rate range wider dosage
- ✓ iTx versions for wireless monitoring
- ✓ 4-way navigation keys, convenient shortcuts

DMC 3000™

- ✓ H*(10) equivalent dose rate according to latest rules
- ✓ External alpha, beta, gamma and neutron probes for direct connection
- ✓ RDS-32WR meter for a range of dose rates wider
- ✓ iTx versions for wireless monitoring
- ✓ 4-way navigation keys, convenient shortcuts

TRANSPORTATION SYSTEM

**Compact shipping system
PET for two unit doses**

- ✓ PET unit dose (two)
- ✓ Absorbent sheets
- ✓ Lead Shielded Shipping Container
- ✓ Single twist thread to open and close
- ✓ No exposed lead
- ✓ Compatible with automatic washing equipment

**Compact shipping system
PET for vials**

- ✓ Absorbent sheets
- ✓ Contenedor de envío con blindaje de plomo
- ✓ Designed to carry a vial of 10, 20 or 30 ml containing radionuclides of high energy.

**Shipping system
Intego™ vials**

- ✓ An exclusive tungsten vial protector for use with PET infusion system Medrad® Intego™
- ✓ System meets packaging requirements DOT Yellow II Type A when shipping up to 2.5 Ci (92.5 GBq) of FDG F-18.
- ✓ Adjustments are made so that the handle travels with the shipping container.

SHIELDS OF VIALS NUCLEAR MEDICINE

Tungsten Vial Shield with magnetic lid

- ✓ Magnetic lid requires less handling and reduces exposure of the hands.
- ✓ Virtually unbreakable
- ✓ Includes multicolor labels for easy identification.

TABLE PROTECTORS FOR NUCLEAR MEDICINE

Standard L Block Shield

- ✓ The favorite as a pumping station and as a storage shield for unit doses with easy access
- ✓ Capintec offers larger lead shields to standard 1/2" when working with afterloaders or PET products.

511 Table protector with adjustable L-block

- ✓ Lead glass window adjustable from 30 to 55 degrees
- ✓ Transparent glass cover to protect Lead glass against chips and scratches.
- ✓ Steel construction for strength and stability.
- ✓ Adjustable window angle from 30 to 55 degrees with respect to the vertical.

DOSE CALIBRATOR

CRC® - 77tHR

- ✓ High activity measurements for environments of isotope production.
- ✓ Radiation resistant design
- ✓ 8" color VGA touch screen
- ✓ Dose calibration, quality control and built-in self-diagnosis
- ✓ Automated quality control that includes programs of constancy and linearity.
- ✓ Compatible with Management Systems Nuclear Medicine via USB

CRC® - 55tPET

- ✓ 8 inch color VGA touch screen
- ✓ Software update via USB or flash drive
- ✓ Unique plug-and-play second camera or optional with mixed camera capability
- ✓ Nuclide screen display, activity, unit of measure and calibration number
- ✓ Large character display and high visibility

Capintec™ Dose calibrator and CRC-55tR well counter

- ✓ 8 inch VGA color touch screen
- ✓ Software update via USB or flash drive
- ✓ Plug-and-play camera capability
- ✓ 28 programmable nuclide keys
- ✓ More than 80 nuclides in memory

Syringe protector PET Pro-Tec™

- ✓ Constructed from 0.34" thick tungsten, attenuates F-18 FDG by 88%
- ✓ Available with or without glass window high density lead.
- ✓ Fits most disposable syringes
- ✓ Easily disinfected with alcohol wipes

Syringe protector Pro-Tec™ IV

- ✓ 5.6 High-density lead glass shielding
- ✓ 360 degree barrel view
- ✓ Fits most disposable syringes
- ✓ 5cc syringe protector: ideal for Quadramet®
- ✓ Safe-T-Lock design reduces exposure with faster handling

Syringe protector Pro-Tec™ PET/MR

- ✓ Conditional MRI for 3T
- ✓ Ideal for isotope administration for PET/MR images
- ✓ Constructed from 0.34" thick tungsten; attenuates FDG F-18 by 88%
- ✓ Easily disinfected with alcohol wipes

SYRINGE PROTECTORS

Z-PET Syringe Shield

- ✓ Constructed from 0.55" thick tungsten, attenuates FDG F-18 by 97%
- ✓ Easily disinfected with alcohol wipes.
- ✓ Greatly reduces hand exposure to syringes containing 511 keV radionuclides.

PET syringe protector Gaard Lock™

- ✓ Reduces hand exposure to syringes They contain 511 keV FDG F-18 radionuclides.
- ✓ Exclusive flange lock design reduces exposure with faster handling
- ✓ Available with or without high density lead glass window.
- ✓ Constructed from 0.34" thick tungsten, it attenuates the FDG F-18 by 88%
- ✓ Easily disinfected with alcohol wipes.

EXAM TABLES

Jamaica

Clinton takes power tables to new heights with a complete line of power, ultrasound and imaging tables designed and manufactured to fit needs of doctors, technicians and therapists.

Open base, function of electric tables:

- ✓ Single structure base and top frame ultra-resistant provides a platform rigid for the patient.
- ✓ 3/4" plywood top for additional support (1.9 cm)
- ✓ Base, top frame and scissor lift all welded steel
- ✓ The smooth electric height adjustment is move up and down
- ✓ The backrest pneumatic cylinder is mounted internally in the frame for a cleaner look

Electric table covered with footrests, backrest and footrest adjustable

- ✓ Pneumatic backrest, adjustable from either side and rises up to 80° from the flat position
- ✓ The footrest is adjustable from any side and rises up to 30° from the flat position
- ✓ 2-position adjustable retractable running boards
- ✓ 500 pounds. Load capacity in normal use (227 kg)
- ✓ Optional side rails, locking wheels and more

Open base, electric table with adjustable backrest and drop section

- ✓ Pneumatic backrest, adjustable from both sides and Raises up to 80° from the flat position.
- ✓ Drop section, adjustable from both sides and lowers up to 80° from flat position
- ✓ The standard drop section has a hole in the tip, but can be ordered without nose hole
- ✓ 500 pounds. Load capacity in normal use (227 kg)

Open base, features Power Imaging tables

- ✓ Single structure base and top frame ultra-resistant provides a platform rigid for the patient.
- ✓ 3/4" plywood cover for additional support (1.9cm)
- ✓ Base, top frame and scissor lift all welded steel
- ✓ The smooth electric height adjustment is move up and down

86200 with adjustable backrest

- ✓ Electric height adjustment with foot control
- ✓ Unique structure base and top
- ✓ Heavy duty lifting mechanism, fully welded
- ✓ Durable coated steel frame gray powder
- ✓ Self-lubricating pivot points

86220 Space saving with folding section

- ✓ Smooth 110-volt electric height adjustment
- ✓ The power supply and motor comply with UL 60601-1 and CAN/CSA C22.2 601.1
- ✓ Low-voltage, hands-free foot control
- ✓ Self-contained electrical components and easy maintenance.

86300 with adjustable backrest and folding section

- ✓ Rounded, seamless corners, upholstered top
- ✓ 1.5" (4 cm) ultra-firm padding
- ✓ Low height can help achieve the ADA tax credit
- ✓ Customize with options
- ✓ 450 pounds. (204 kg) load capacity under normal use conditions

✓ PROTECTIVE SUPPLIES AND GENERAL ACCESSORIES

TECHNO-AIDE'S UNIQUE CLOTHING MEASUREMENT TOOL

PROTECTIVE SUPPLIES AND GENERAL ACCESSORIES

Protective aprons EZ front

- ✓ Techno-Aide EZ Front Aprons are a simple and cost-effective solution for radiation protection.
- ✓ Comfortable unisex sizes, cut necklines with precision and top quality shoulder pads.
- ✓ Full frontal protection for vital organs.
- ✓ Available with equivalent front protection at 0.5 mm Pb or 0.35 mm Pb

Mobile lightning barriers X standard

- ✓ These lead-lined protective barriers have a transparent top section providing a clear field of vision and superior protection.
- ✓ Each mobile barrier has glass high-quality Schott® lead, a solid steel opaque bottom section 16 gauge powder coated with contoured sides

Economical pads for radiolucent x-ray table

- ✓ Cost effective gray vinyl over a premium foam interior
- ✓ Perfect for X-ray tables and stretchers.
- ✓ Increases patient comfort and stability.
- ✓ Available in standard sizes designed to virtually any application.

GENERAL ACCESSORIES

Spray disinfectant Protex®

- ✓ No alcohol, bleach or solvents!
- ✓ Bactericidal, fungicide and virucidal formula of first quality.
- ✓ 8" color VGA touch screen
- ✓ Kills MRSA, Staph, H1N1, HIV and many others
- ✓ Handy spray bottle dispenser 12oz

Ultrasound transmission gel Aquasonic® 100 (250 ml bottle)

- ✓ Acoustically correct for wide range of frequencies used.
- ✓ Completely watery, does not stain clothes nor does it damage the transducers.
- ✓ The unique "cannot be copied" formula is Bacteriostatic, non-sensitizing or irritating.
- ✓ Formaldehyde free

General sponge package coated P

- ✓ The coated sponges have a patented medical grade coating fluid resistant and cleanable on a standard foam interior (core).
- ✓ Stealth sponges are designed with angles patented "flared" devices to offer significantly reduced during viewing.
- ✓ Non-invisible sponges are formed with traditional angles and do not have our "flared" angles

✓ THREE-PHASE UPS

Jamaica

Discover Galaxy

*Uninterrupted three-phase power supply for applications
IT and industrial*

Life Is On

Galaxy VS

Greater availability. Reduced operating costs. Protection world-class energy supply for critical infrastructure.

- ✓ Three-phase UPS for edge, small and medium data centers and other applications. From 20 to 150 kW (480 V), from 10 to 150 kW (400 V), and from 10 to 75 kW (208 V).

Galaxy VM

Trusted partner for business continuity.

- ✓ High-efficiency, easy-to-deploy three-phase power protection that seamlessly integrates with the electrical, physical, and monitoring environments of customers operating applications.

Galaxy VL

Greater availability. Reduced operating costs. Protection world-class energy supply for critical infrastructure.

- ✓ Highly efficient and scalable 200 to 500 kVA/kW three-phase UPS with modular, redundant design and low total cost of ownership for medium to large data centers and mission-critical environments.

Easy UPS 3Sa

20kVA, 400V Easy UPS 3S Three-Phase (3:3) UPS System with internal batteries - 15 minutes of autonomy

- ✓ The 3S UPS is easy to install and commission
- ✓ Connect up to 4 UPS in parallel for capacity or redundancy
- ✓ Extended run time options available
- ✓ EcoStruxure IT: Enables resilient, secure and sustainable IT environments

**OFFERS A COMPLETE LINE OF PRODUCTS
TO OPTIMIZE POSITIONING
OF THE PATIENT **ACCORDING TO HER NEEDS.****

Jamaica

**From orthopedic surgery to pediatric laparoscopic procedures, we
have the custom devices to optimize your operating room.**

Áristos | 
SCHUREMED ORTHOPEDICS

This innovative solution can transform any operating room into a high-level trauma center!

- ✓ State-of-the-art orthopedic fracture tables have never been more affordable!
- ✓ With Áristos, operating room technology is at your fingertips, offering convenience and affordability, like no other.

SCHUREMED GREAT WHITE PLATINUM STIRRUPS

- ✓ Unique 3-axis control from the handle mimics the anatomy of the human hip
- ✓ Simply squeeze the trigger for smooth and precise lithotomy, adduction and high/low abductionposicionamiento
- ✓ Rango de litotomía -30° bajo a 75° alto; Aducción 9° y abducción 25°
- ✓ Las botas de aletas laterales elevadas minimizan eficazmente la posibilidad de daño a los nervios
- ✓ Los indicadores de litotomía ayudan a reposicionar las piernas con precisión

LITHOTOMY STIRRUPS

- ✓ Use for long or short procedures
- ✓ Extended soft boot pads included
- ✓ 350 lb (159 kg) patient weight capacity
- ✓ Two Schure plug clamps required and sold separately
- ✓ Accessory required: buy two

KNEE CRUTCHES

- ✓ Constructed from the highest quality stainless steel
- ✓ Extremely soft and comfortable crutch liners prevent superficial damage to the patient's nerves
- ✓ Mount to side rail quickly and securely with Schure Socket XL
- ✓ Knee pads included

POWERED SURGICAL BEACH CHAIR

- ✓ Articulation range 0-90°
- ✓ 500 lb (227 kg) surgical patient weight capacity
- ✓ Sliding headrest
- ✓ The side brace attaches to the beach chair and not the operating room table side rail providing safer patient positioning
- ✓ Deluxe five-piece pad set included

COMPLETE SCHURELOC XPS SHOULDER SYSTEM

- ✓ Schure Loc™ XPS
- ✓ Disposable head and chin straps
- ✓ Dispenser. Schure Loc™ XPS Sterile Kit
- ✓ SchureLoc™ XPS Full Shoulder System

SCHUREMED SCHURESPINE FRAME

- ✓ Includes durable stainless steel transport dolly.
- ✓ Patient weight capacity is 500 pounds. (227 kilos)
- ✓ Schure Spine Frame Pad and Crank Set Included
- ✓ It is adjusted intraoperatively to the desired lordosis to obtain optimal exposure of the surgical site.

UNIVERSAL PREPPER

- ✓ Supports limbs of all sizes.
- ✓ Pad removes for easy cleaning.
- ✓ Required Schure XL plug (#800-0134) sold separately

SCHURE LOC™ XPS

- ✓ 500 lb (227 kg) patient weight capacity
- ✓ SchureLoc XPS attaches to any side rail inside
- ✓ Easily attaches to any operating room table and is ready for immediate use
- ✓ Smooth, effortless positioning improves operative site exposure

ARTHROSCOPIC LEG HOLDER

- ✓ Includes pressure-relieving foam pad
- ✓ 5/8" (1.6 cm) mounting post positioning
- ✓ Schure Socket XL sold separately

LATERAL POSITIONERS

- ✓ Simple to set up and easy to use
- ✓ 5/8" (1.6 cm) stainless steel mounting post
- ✓ Deluxe foam pads included
- ✓ Requires 3 Schure Socket XL sold separately
- ✓ Multi-axis arm positioner (shown) sold separately

PATIENT RESTRAINT STRAP, 96"L

- ✓ All Rubber Drive Belt, 96"L (244 cm)
- ✓ Very durable - easy to clean and disinfect
- ✓ Mounts to table with or without hooks (sold separately)

RADIOLUCENT ARMBORD

- ✓ Radiolucent and phenolic
- ✓ Conductive vinyl covered foam pad
2" (5 cm) (Deluxe or Softcare) sold separately
- ✓ The pad attaches to the armrest with a hook and
loop closure with adhesive on the back
- ✓ 6"W x 36"L (15cm x 91cm)

TABLE CLAMPS

- ✓ Our surgical forceps and sockets are some of the
most cost-effective on the market today and of the
highest medical grade.

PATIENT TRANSFER DEVICES

SchureMed's sliding patient transfer board product line is designed to minimize the risk of back pain, injury, and ensure maximum comfort and safety for patients.

- ✓ The products are flexible, anti-static and can be easily cleaned with a single spray-and-wipe motion as needed to prevent stains.

- ✓ Different medical equipment has different comfort levels; Therefore, our sliding patient transfer boards feature multiple transport holes that allow you to transfer patients at any angle and height.

- ✓ SchureMed's line of radiolucent patient transfer equipment is made from synthetic materials that do not appear on X-ray impressions to help medical professionals easily locate lesions.

Our Schure Slide patient transfer

PEDIATRIC LITHOTOMY STIRRUPS

- ✓ Pediatric boot stirrup design encapsulates patient's lower leg
- ✓ Floating boot automatically adjusts when repositioning the pediatric boot stirrup
- ✓ Pediatric stirrups attach to side rail of any OR table using the Schure Socket clamps (sold separately).
